Re: Petition for Rule Making for New FM Assignment
Wyeville, Wisconsin

Dear Secretary:

I, Josephine Miracle, hereby respectfully request that the Commission initiate a rule making to assign FM Channel 267A to Wyeville, Wisconsin.

Attached is an engineering exhibit in support of this request.

It is my intention to apply for a construction permit to operate on the requested channel when it is assigned.

Very truly yours,

Josephine Miracle

ENGINEERING STATEMENT

This Engineering Statement and the attached figure have been prepared by B. Benjamin Evans of Evans Associates, Consulting Communications Engineers in Thiensville, Wisconsin. This exhibit supports a petition by Josephine Miracle requesting modification of the Table of FM Allotments to specify FM Channel 267A at Wyeville, Wisconsin.

Evans Associates has been retained by Josephine Miracle ("petitioner") to prepare the engineering portion of a petition for rule making to assign FM Channel 267A to Wyeville, Wisconsin. The city of Wyeville is located in Monroe County in southwestern Wisconsin. There are presently no broadcast radio stations or vacant allocations assigned to Wyeville.

As a result of a frequency search conducted by this office, it has been determined that Channel 267A may be assigned to Wyeville, Wisconsin as a "drop-in" without affecting any existing or proposed FM assignments. Therefore, it is requested that Section 73.202(b) of the FCC Rules and Regulations be amended in the following manner:

<u>Community</u>	<u>Proposed</u>
Wyeville, Wisconsin	267A

It is the petitioner's intention to apply for a construction permit to operate on the FM channel proposed herein, if it is assigned.

The reference point coordinates of the city of Wyeville are:

N. 44°-01'-30" ; W. 90°-23'-00"

The assignment of Channel 267A to Wyeville will meet all minimum distance separation requirements under the FCC rules if the transmitter site is located at least 8.0 kilometers east of the center of Wyeville.

Engineering Statement - Page 2
Wyeville, Wisconsin

The transmitter site coordinates assumed for the purposes of this petition for rule making are:

N. 44°-01'-06" ; W. 90°-17'-00"

From this location, the city of license coverage would be assured, even at modest Class A transmitting facilities.

In view of the above, it is believed that the assignment of Channel 267A to Wyeville, Wisconsin would be in the public interest.

The foregoing statement and the attached figure are true and accurate to the best of my knowledge and belief.

B. Benjamin Evans
